# Proposed Rates and Charges

## Statement with respect to each Ordinary Rate to be Levied

Bland Shire Council will, under Section 497 of the NSW Local Government Act 1993, levy Ordinary Rates on all rateable properties within its area. The rates that are proposed to be levied are set out hereunder. All Council rates and charges are exempt from goods and services tax (GST).

The rate pegging limit for Ordinary Rates, as advised by The Minister for Local Government, was set at 4.5% for the 2024/25 rating year. The table below has been calculated on a 4.5% increase.

The following population centres have been identified within Council's borders:

- West Wyalong
- Wyalong
- Ungarie
- Barmedman
- Other Villages

Ordinary rates will be levied as per the schedule below. Updated land values, effective 1<sup>st</sup> July 2023, were released by the Valuer General in November, 2022.

The components of the various levies are:

**Base Amount:** An established charge applicable to an individual rating category. All properties attaching to any particular category pay the base rate amount allocated to that category. Base rates vary, or can vary, over categories.

**Ad Valorem:** The calculation of an amount for rates by multiplying the assessed land value of the property by a "cents in the dollar" amount.

**Minimum Rate:** No minimum rate is applicable to properties within the Shire boundaries. Discount on rates and charges will be available to eligible pensioners upon the completion of appropriate forms available from Council.

**Mining Rate:** The Council will levy a mining rate (Ordinary) and a mining rate (Gold) in the 2024/25 year.

# Land Categories

Land throughout the Shire has been categorised for rating purposes in accordance with the requirements of the Local Government Act 1993. New parcels of land are categorised when supplementary or new rate notices are issued. Strata lots and Company titles are taken to be separate parcels of land for the purpose of categorisation.

## **Farmland (Section 515: Local Government Act 1993)**

Rateable land is categorised as farmland if valued as one assessment and its dominant use is for farming or an agricultural purpose. In addition, it must have a significant and substantial commercial purpose and character and is engaged in the purpose of profit on a continuous or repetitive basis (whether or not a profit is actually made).

## **Residential (Section 516: Local Government Act 1993)**

Rateable land is categorised as residential if valued as one assessment and its main dominant use is for residential accommodation or if it is vacant land and is zoned or designated under an environmental planning instrument for residential purposes. The council has not classified any land as Rural Residential for rating purposes.

## **Mining (Section 517: Local Government Act 1993)**

Land is to be categorised as mining if it is a parcel or rateable land valued as one assessment its dominant use is for coal mine or metalliferous mine.

## **Business (Section 518: Local Government Act 1993)**

Rateable land is categorised as Business if it cannot be categorised as Farmland, Residential or Mining.

Mixed development land must be categorised if so determined in accord with the Valuation of Land Act 1916 whereby the non-residential part of the land is categorised as Business with the balance being categorised as Residential.

# Pricing Policy Statement

The Council will ensure that all rates, fees and charges are equitable. The Council supports the 'user pays' concept in assessing fees and charges, whilst considering its community service obligations and the general level of fees and charges for similar services by the Local Government Industry.

The Council will pursue cost effective opportunities in order to maximise its revenue base and currently proposes to raise revenue from the following sources:

- Rates
- Annual Trade Waste Service Charges
- Sewer Special Rates
- Stormwater Levy
- Plant Hire
- Borrowings
- Miscellaneous Charges
- Annual Domestic Waste Services Charges
- Interest on Overdue Balances
- Charges for non-Council works
- Grants
- Investments
- All Sporting Fields Users

**Note:** A Goods and Services Tax (GST) is applicable in respect to some Council goods and services. Prices of goods and services subject to GST have been identified in the attached Schedule of Fees & Charges as GST inclusive, in accordance with taxation legislation.

Some goods and services supplied by Council are "GST Free" or are exempt from GST under Division 81 of the legislation. Any goods and services that

fall within either category are so identified in this Policy.

## Pensioner Rebates

A rebate on rates and charges is provided to eligible pensioners in accordance with Section 575 of the Local Government Act 1993.

Pensioner concessions available include:

- All ordinary rates and charges for domestic waste management services on the land up to \$250.00.
- Sewerage rates and charges up to \$87.50.

The estimated amount of pensioner rebates for 2024/2025 is \$76,000

# Waste Management

## Domestic Waste Management Charges (DWMC)

The DWMC will be levied upon all domestically occupied properties in West Wyalong, Wyalong, Ungarie, Barmedman and Weethalle where the service is available. The service comprises a weekly collection of one 240 litre bin or an option of a 120 litre bin, provided by Council. Multiple service charges will apply to those properties where a multiple service is requested.

The annual DWMC for 2024/2025 is \$510.00 per 240 litre service or \$403.00 per 120 litre service with estimated revenue being \$1,095,800 (with an adjustment for pensioner rebates of \$44,000).

In addition, Section 496 of the Local Government Act 1993 requires Council to levy a charge on all rateable land for which a domestic waste management service is available. Accordingly, a charge of \$44.00 will be levied in 2024/2025 on all vacant land for which a domestic waste management service is available.

## Annual Waste Management Charge

A charge of \$44.00 per property, will apply to all properties not within a serviced area for the DWMS, under Section 501 of the Local Government Act.

## Trade Waste Charges

A similar service to the DWMC is available to all non-residential properties in the serviced areas and is levied upon all occupied properties that are not eligible for the DWMS service. Similarly, the service comprises a weekly collection of one 240 litre bin, provided by the Council. Multiple service charges will apply to those properties where a multiple service is requested.

The annual charge proposed is \$548.00 per 240 litre service or \$440.00 per 120 litre service with a similar amount levied for each additional service. Estimated revenue is \$325,355..

# Sewer

## Special Rates – Sewer

For sewer rates and charges, the Council proposes to levy sewerage rates on all lands for which the services are available. Allowance will be made if there is no sewer connection or if the service cannot be provided to the whole of a property. The purpose of the sewer rate is to meet the costs of operating the West Wyalong/Wyalong, Ungarie and Barmedman sewer schemes.

Council will levy a sewer rate on all land within its area except:

1. Land which is more than 75 metres from a Council sewer and is not connected to the sewer;
2. Land from which sewerage could not be discharged into any sewer of the Council.

Sewer rates will be levied as per the schedule below:

Rate	Category	Minimum \$	Base Amount	Rate Yield \$
Sewer Special Rate	Built upon	1,064.00	N/A	1,996,771
Sewer Special rate	Not built upon	256.00	N/A	33,795
Connected Sewer	Rec. Grounds	926.00	N/A	7,407

Fees and charges for non-rateable properties, head works and other items are outlined in the fees and charges section of the policy.

## Interest

In accordance with the Local Government Act 1993, Council is entitled to levy interest for outstanding rates and charges not received by the due date. The maximum rate of interest that can be levied is set annually by the Minister for Local Government. Council proposes to apply the maximum interest rate for outstanding rates and charges as set by the Minister for Local Government in 2024/2025.

## Stormwater Levy

In accordance with the Local Government Act 1993, Sect 496A, Council has adopted an annual charge for the provision of stormwater management services.

A charge of \$25 per residential property, \$12.50 for strata titles, \$25 for business properties up to 350 square metres, and \$50 for business properties over 350 square metres will be levied. The charge will only apply to properties within Bland Shire's towns. Rural and farming properties will not receive the levy.

## Donations Policy

Council has adopted a Community Grants and Donations Policy that applies to all grants and donations available to the Bland Shire Community.

## Fees and Charges

Fees and charges proposed to be levied by the Council for 2024/2025 for the broad range of services and activities provided are listed in Schedule No1. Whether goods and services tax is payable and included is indicated against each fee or charge in the schedule. In addition, the schedule advises of the status under the Council's pricing policy, whether or not there is any community service obligation associated with the charge and an estimate of projected revenue.
